

6 Lara asks her students which device they use most, a desktop, a laptop or a phone.

Here is an accurately drawn pie chart to show her results.

(a) Which device did the greatest number of students say they use most?

.....  
(1)

(b) Measure the angle in the pie chart representing laptop.

.....  
(1)

Ben says,

“More students said they use a laptop most than said they use a desktop most.”

(c) Is Ben correct?

You must give a reason for your answer.
