

10 Here are five graphs.

A

B

C

D

E

The equation of each of these graphs is given in the table.

Equation	Graph
$y = \frac{1}{x}$	
$x + y = 6$	
$y = -x^3$	
$y = x^2 - 2$	
$x = 3$	

Match the letter of each graph to its equation.

(Total for Question 10 is 3 marks)
